

Hello Fellow Music Educators!

My name is Falane Gerritsen and I am your Idaho Orff Schulwerk President! I am so excited to be volunteering for this wonderful organization at this capacity. I always look forward to seeing all of my friends and learning fun new things to bring to the classroom at our workshops.

I can't tell you how invaluable Orff Schulwerk has been to my teaching. My students love every lesson that is inspired by the Orff method. It has really helped me to be a more confident teacher, and to be able to create things that really fit my students. And my students have become wonderful creators as well.

I encourage you to join AOSA as it will give you so many tools to succeed as a music educator. I am so excited to see you all at our workshops through out the year.

If you need anything please don't hesitate to contact me!

Best Wishes,
Falane Gerritsen
IOSA President
